ALDERMEN QUARREL OVER FRANCHISES. CASH OFFERS FOR RAILWAY PRIVILEGES DIS-

REGARDED-AN EXCITING MEETING. The Brooklyn Board of Aldermen held an excited meeting yesterday afternoon. There was a storm debate over resolutions granting franchises to the surface railroad companies recently organized by P. H. Flynn, and in which a number of Democratic politicians are interested, and they were finally put through by a majority vote of the Railroad Committee and of the board. The original application of the Kings County Electric Railway Company, of which Flynn is president, was made several weeks ago, and covered a large number of uptown streets. company has already secured valuable franchises in Flatbush and Flatlands, but has not built a mile of pastor, Dr. Albert J. Lyman, who has been with the As many of the streets asked for were partially occupied by the Brooklyn City Company or are cor tignous to its lines, that company put in an application for the same streets and others, and offered to pay \$250,000 to the city for the franchises, covering some forty miles of streets. Later this offer was distantly.

The speakers will include Dr. Charles H. former one and some new ones. Flynn was made Hall, Professor Heary P. Farman, St. Clair McKel-president of this company, and some of the leading way, Almet F. Jenks, Dr. David J. Burrell and men in the Brooklyn City Company were interested in | Charles H. Sherrill. It, together with the politicians who were in the Kings County Company. The Brooklyn City Company withdrew its application covering the same streets as the Nassan Company's application, but it was not announced until the meeting yesterday returned.

At noon yesterday a majority of the members of the Railroad Committee, consisting of Aldermen McGrath, McGarry and Jordan, held a secret meeting and voted to grant the franchise asked for by the Nassau Company. The other two members of the committee, Aldermen Thomas (Rep.) and Wafer (Dem.), received no notice of the meeting yesterday. when the three "Ring" Democrats took their action When the Board of Aldermen met later in the day Alderman McGrath presented the report of the Rail-road Committee granting the franchise asked for by the Nassau Company. Aldermen Thomas and Wafer protested against the reception of the report, saying that they had not been informed of a meeting of the committee, and that a "fake" meeting must have been held. Alderman Pickering opposed the a toption of the report, and said that it was throwing away \$250,000 to grant a franchise to the Nassa. Company, as the Brooklyn City Company had offered that sum for the franchise. He did not propose to be a party to any suit to recover this waste of public Alderman McGrath replied that the Brooklyn City

Company had withdrawn its offer.

Alderman Wafer denounced the granting of the franchise as the most outrogeous legislation ever at tempted in the city. There had been an unhely alliance of the interested companies, and it was pro-posed to make the city a party to the deal.

A motion to recommit the report was voted down by 12 to 6, and then under the rule of the previous nestion the resolution granting the franchise was adopted by a vote of 13 to 5. Those voting in the negative were Aldermen Heaney, Wafer, Meyers, Pickering and Thomas.

A resolution was then introduced by the Railroad Committee granting the application of the Kings County Company for a franchise covering Rockawayave., Breadway and Cooper-ave., and this was ob-jected to in the same way.

An exciting scene occurred when Alderman Black moved the previous question to cut off debate. Aldermen Heaney, Pickering and Wafer were all trying to

men Heaney, Pickering and Wafer were all trying to speak at once, and President Coffey used his gavel in vain to preserve order. Alderman Heaney shouted "Is no member to be allowed to say anything in this matter!"

"Sit down!" thundered Coffey.

"I won't sit down," shouted Heaney. "I defy the chairman to compel me to sit down. I know my rights in this bridy."

Coffey pounded the desk and cried, "Sit down! Sit down! While the members wrangled and shouted. Finally Alderman Wafer said "Let them put through their outrageons lexislation. They have the thirteen votes," and the resolution was adopted by that vote.

The request of the Brooklyn City Railroad Company for a franchise covering streets not included in the Nassau Company's application was amended by the willidrawal of streets where the opposition to relifroads has been strongly expressed, in some instances, as in Putnam and Greene avex., gring so far as to secure the passage of bills exempting the streets from railroads, and the offer of \$100.000 was reduced to \$60.000. In this form a resolution granting the franchise asked for was adopted by the same vote of 13 to 5. tote of 13 to 5.
